## AUGUST 2023

### SUMMER IS ALMOST OVER

We had a blast this summer. We have enjoyed ice cream, and outdoor fun. Now we are getting ready for back to school. The teachers are looking forward to fall transitions as they receive their new students, and sad as they say good-bye to their children who are moving up. Thank you for allowing us to be part of your summer plans. Looking forward to this upcoming school year.

And for our PreKinders going off to Kindergarten... words cannot express our pride to see you so ready and prepared for this new chapter.

We love you so much!

### FROM OUR COUNSELOR MARIE JOLIE PACHECO

Changes generate stress. What can we do to help our children to cope with the transition and / or coming back to school in the happiest way.

Talk to them about the change in a positive way and explain that they will have a new teacher and a new classroom, and that is going to be fun.

Think about how your child may be feeling about the change, and sympathize with the experience. Explain that it's ok to be afraid, but you and the teacher are going to be by their side.
